The unique, prime location of our campsite in Sölden is especially noteworthy. In winter, the campsite can be found only 200 meters from the Gaislachkogel mountain gondola which gives access to a unique skiing arena boasting more than 144 slope kilometers, 2 glacier ski regions, 31 top modern mountain lifts and 3 three thousand meter high skiable peaks. In summer, direct access

to the Bike Republic Sölden and the splendid hiking paradise is guaranteed. Camping Sölden is only 50 meters from the next bus stop with connection to the entire public bus line system, 80 meters from the local „Gstrein“ bakery and 200 meters from the largest supermarket. Restaurants and cafés with sunny terrace are located in the immediate surroundings of the campsite.
